Job Description

Our client, MNC Manufacturing Based Company, looking for suitable candidates

JOB RESPONSIBILITIES

- Set up the site: premises fit-out, power and fibre, equipment installation, permits and vendors.
- Hire and lead the team: recruit, train and manage about 30 operators, plus technicians and a shift lead.
- Run daily operations: shift schedules, quality checks, safety, and weekly targets for output, data quality, robot uptime and cost.
- Keep the robots running: first-line hardware and software troubleshooting, working with our engineers remotely

JOB REQUIREMENTS

- Degree in engineering or a related field
  5+ years in operations, ideally electronics.manufacturing or technical operations, including launching a new site or production line.
- Experience hiring and managing teams of 20+
- Experience with vendors, permits and facility setup
  Comfortable with technology; automation, robotics or agentic AI tools a plus
