Job Description

A leading global pharmaceutical company is seeking a Physician to support and lead early- and late-stage oncology development programs.

Responsibilities include providing medical expertise for clinical development projects, medical review of study documents, collaboration with global teams, interactions with regulatory authorities, management of advisory boards, publication planning, and engagement with medical experts and investigators.

Employee Benefits:
Generous Leave: Paid parental leave, annual vacation, volunteer leave, and additional wellbeing-focused leave options.

Flexible Working: Remote work, flexible hours, and output-based work arrangements.

Health & Wellbeing: Mental health support, employee assistance programs, and family-focused benefits.

Family Support: Inclusive partner benefits, childcare assistance, and various subsidy programs.

Financial Security: Corporate pension plan, retirement benefits, and comprehensive insurance coverage.

Required Skills

Medical license required
5+ years of clinical experience, including oncology
Experience in clinical development, clinical research, or medical affairs
Native-level Japanese and business-level English
Experience collaborating with cross-functional and global stakeholders
Strong scientific, communication, and leadership skills
Willingness to travel domestically and internationally

Company Description
