Job Description

Hiring Position: Senior EHS Specialist Location: Amata City Industrial Estate, ChonburiTotal Package: 90,000 - 100,000 THB
Key Responsibilities

- Implement and maintain Environmental, Health & Safety (EHS) programs in accordance with company policies and regulatory requirements.
- Support and maintain ISO 14001 and ISO 45001 management systems and certification requirements.
- Conduct EHS risk assessments and identify environmental aspects, hazards, and improvement opportunities.
- Develop and implement corrective and preventive actions to mitigate EHS risks.
- Monitor EHS performance and prepare reports, KPIs, and compliance documentation.
- Support internal and external audits, inspections, and regulatory assessments.
- Drive initiatives to improve workplace safety, environmental performance, and employee awareness.

- Partner with cross-functional teams to ensure compliance with corporate EHS standards and best practices.
- Follow up and close audit findings, incident investigations, and compliance-related actions in a timely manner.

Requirements

- Bachelor's Degree in Occupational Health & Safety, Environmental Engineering, Industrial Engineering, or related field.
- Minimum 8-10 years of EHS experience in the automotive manufacturing industry.
- Strong knowledge of ISO 14001 and ISO 45001 management systems.
- Experience conducting risk assessments, compliance audits, and EHS performance reporting.
- Familiarity with Thai EHS regulations and international EHS standards.
- Fluent in both written and spoken English.
- Self-motivated, resilient, and able to work effectively under pressure within a dynamic manufacturing environment.
- Experience in multinational companies, especially US or European organizations, will be an advantage.
