Job Description

1. **Define and Execute Enterprise Data & AI Strategy**

- Develop and drive enterprise-wide data and AI strategy aligned with business objectives.
- Partner with executive leadership to enable data-driven decision making across the organization.
- Identify new business value creation opportunities through data, analytics, and AI.
- Establish strategic roadmaps and investment priorities that position data as a core business capability.

1. **Lead Data & AI Governance**

- Build and oversee enterprise-wide data governance frameworks, standards, and policies.
- Define data ownership, quality management, stewardship, and compliance practices.
- Ensure adherence to privacy, security, and regulatory requirements.
- Promote responsible AI adoption, data ethics, and enterprise-wide data literacy.

1. **Own the Platform Vision**

- Lead the strategy, development, and adoption of the Platform
- Oversee data architecture, cloud platforms, pipelines, and metadata management.
- Ensure platform reliability, scalability, security, and cost efficiency.
- Drive innovation through DataOps, MLOps, Generative AI, and advanced analytics capabilities.

1. **Build and Lead High-Performing Teams**

- Lead and develop teams across Data Governance, Data Quality, Analytics, and Data Platform functions.
- Build a high-performance culture focused on collaboration, innovation, and continuous improvement.
- Develop internal data talent and enterprise-wide data literacy programs.
- Manage strategic partnerships with vendors and key stakeholders across the organization.

1. **Accelerate Business Transformation**

- Partner with business leaders to embed data-driven decision making into core operations.
- Drive adoption of analytics, AI, and automation across business functions.
- Establish KPI frameworks, executive dashboards, and performance monitoring capabilities.
- Support digital transformation initiatives that strengthen the position as a data-driven leader.

If you know anybody who could be a good fit for the role, please feel free to refer them **here** and earn 100,000JPY when we're able to place them.
