Job Description

Shape the Future of Resilience at Largest Global Financial Company

Are you passionate about helping organizations prepare for and respond to disruption? Join one of the largest global Financial Co. and play a critical role in strengthening our operational resilience, protecting our customers, and ensuring business continuity in an increasingly complex risk landscape.
As a key member of our resilience team, you will have the opportunity to influence enterprise-wide strategy, work with senior stakeholders across the organization, and lead initiatives that directly impact the company's ability to operate through crises, cyber threats, technology failures, and third-party disruptions.

What You'll Do
Serve as the Business Continuity Management (BCM) and IT Service Continuity Management (ITSCM) subject matter expert, ensuring alignment with Company standards and best practices.

Lead the design, development, and execution of Company's end-to-end operational resilience strategy.

Drive initiatives that strengthen the organization's ability to prevent, respond to, and recover from business disruptions.

Partner with business and technology teams to identify risks, develop mitigation strategies, and enhance enterprise resilience capabilities.

Conduct industry research and benchmark emerging resilience, cybersecurity, and continuity practices to proactively address evolving threats.

Lead business continuity and operational resilience projects, including business process reviews, systems integration initiatives, and risk assessments.

Develop actionable project roadmaps, manage stakeholders, remove roadblocks, and ensure successful delivery of strategic initiatives.

Employee Benefits:
Highly competitive and inclusive benefits package. Employees enjoy global Special health and wellbeing programs, extensive parental and caregiver leave, discounted share plans, and robust support for all types of employees and flexible working arrangements.

Parental Leave: Fully paid leave for primary and co-parents. Family Planning: Paid leave and flexible working arrangements for employees recovering from IVF treatments or experiencing pregnancy loss. Caregiver Leave: Fully paid half-days to care for immediate family members requiring elder care or dealing with disabilities/serious health conditions

Employee Shareplan: Opportunities to purchase Company/Group shares at a discounted rate. Financial Education: Access to "Invest in You" platforms and educational resources. Insurance and Retirement: Access to comprehensive life, health, and pension schemes.

Paid Holidays: upto 28 (One of the highest within the Global Financial Industry in Japan)

Required Skills

Around 5 years of experience in Business Continuity Management (BCM), Operational Resilience, Risk Management, Disaster Recovery, Cybersecurity, or related disciplines.

Knowledge of industry standards and frameworks, including ISO 22301, DORA, ISO 31000, or similar business continuity and risk management methodologies.

Professional certifications such as CBCP, CBCI, MBCI, ISO 22301 Lead Implementer, or equivalent are highly valued (but not mandatory- can be acquired after joining)

Experience in IT Infrastructure, Disaster Recovery, Cloud Resilience, or IT Service Continuity Management (ITSCM) is a strong advantage.
