Job Description

A foreign engineering and technology company is looking for a Logistics Planning Manager. The selected applicant will oversee country unit logistics planning, including customer demand planning, order fulfilment, procurement planning, and logistics cost management.

About the Company:

A global engineering and technology company specialising in drive and control technologies for industrial and mobile applications. The company provides automation, hydraulics and motion solutions that support efficient and advanced manufacturing and machinery.

Keywords:

ロジスティクス, サプライチェーン, エンジニアリング, テクノロジー, 外資系

Job Ref: Q123NE

Responsibilities:

- Lead the LOP department to ensure on-time delivery to customers
- Manage customer demand planning and order fulfilment
- Manage procurement planning, including IPN plant and third-party suppliers
- Manage logistics costs and drive continuous cost optimisation across inventory and freight costs
- Drive continuous improvement to achieve business excellence
- Improve processes through SAP setting optimisation, AMS 2.0, and supply chain modelling
- Improve efficiency through digitalisation and AI technology, including ASN, EDI, and MPM
- Ensure transparent information flow within the organisation through S&OP meetings
- Manage team and people development, including culture transformation, competency management, and talent development
- Report to local management, the Sales unit in ASEAN, and Business Units in Germany

Requirements:

- More than 10 years of experience in logistics
- More than 5 years of experience in logistics planning
- Strong customer focus and result orientation
- Strong CIP mindset on process optimisation
- Strong sense of ownership and leadership skills
- Excellent communication skills
- Bilingual level Japanese and English

Company Description

For over 25 years, in Japan, we have been a driving force in the Japanese bilingual recruitment market, providing high-quality candidates for our clients and access to the best jobs. We always put the interests of our clients and candidates first and run on a non-commission model that promotes a working culture where teamwork is incentivised. We strive to find the best fit for both employer and job seeker and don't push people into unsuitable roles.
