Job Description

Position: Mechanical Engineer (M&E Site Construction)

Salary: 40,000 – 55,000THB +/- (Negotiable)

Location: Relocate to the site projects (Saraburi, Chonburi, etc.)

Our client is a leading company in the industrial construction and engineering sector, specializing in factory, warehouse, and large-scale building projects.

Key Responsibilities of the position:

- Supervise and monitor M&E construction activities on-site, including HVAC, Fire Protection, Plumbing, Electrical, and ELV systems.
- Review and interpret M&E drawings, specifications, and technical documents.
- Coordinate with consultants, contractors, subcontractors, and relevant stakeholders to resolve technical and

construction issues.

- Monitor construction progress and ensure work is completed according to project schedules.
- Conduct site inspections and quality control checks to ensure compliance with project specifications and applicable standards.
- Attend site meetings and provide technical input regarding M&E matters.
- Prepare and submit work progress reports, inspection reports, and other related documentation.
- Manage material approval, shop drawings, method statements, and testing & commissioning activities.
- Ensure compliance with safety regulations and company HSE requirements.
- Support project handover and defect rectification processes.

Qualifications

- Bachelor's Degree in Mechanical Engineering, Electrical Engineering, or related field.
- 3-5 years of experience in M&E construction site supervision.
- Experience in building, industrial plant, factory, commercial building, hospital, or infrastructure projects.
- Knowledge of M&E systems, including HVAC, Electrical System, Fire Protection, Plumbing, and ELV.
- Ability to read and interpret engineering drawings and technical specifications.
- Familiar with AutoCAD, Microsoft Project, and Microsoft Office.
- Good communication and coordination skills.
- Able to work at construction sites and travel to project locations as required.
- Professional Engineer License (PE / ■■■) is an advantage.
- Basic command of English.

Notice: By submitting an application for this position, you acknowledge and consent to the disclosure of your personal information to the Privacy Policy and Terms and Conditions, for the purpose of recruitment and candidate evaluation.
