Job Description

About the role

The IT Staff role focuses on supporting the company's IT infrastructure and daily technology operations. The position provides an opportunity to develop practical experience in IT infrastructure and support activities.

Responsibilities

- Support day-to-day IT infrastructure operations.
- Assist with hardware, software, and network-related matters.
- Provide basic IT support and troubleshooting.
- Support the maintenance of the company's IT environment.
- Assist with IT administration and documentation.

Requirements

- Diploma or Bachelor's degree in IT, Computer Science, Information Systems, or a related field.
- Fresh graduates are welcome to apply.
- Basic understanding of IT infrastructure, hardware, software, and networking.

- Good troubleshooting and problem-solving skills.
- Willingness to learn and develop within an IT infrastructure role.

About the company

A company operating in Indonesia with Japanese origins. Further company information is not available in the provided job details.
