### Job Description

Innovative start-up company is looking for a project manager with very strong leadership skills. They are making a virtual world platform similar to Second Life and have a multicultural team of highly skilled software engineers. Western style working atmosphere - similar to Silicon Valley start-up. English is the main language used in the office. You will interface with a few customers in Japan and possibly some in the US and other countries. This is an outstanding opportunity for an enthusiastic leader who wants to work on future technology. STRONG LEADERSHIP is the most important criterion. Excellent compensation package available.

### Required Skills

- A minimum of 5 years of experience in software development. - An expert in any modern language. e.g., C, C++, C#, Java, etc. - Good understanding and preferably some experience of agile project management methodologies. - Excellent communication skills to drive technical decisions. - Fluent written and spoken English and Japanese. - Good level leadership, relationship-building, organization, and team building skills.
