Job Description

To complete the global network design & management team covering Asia Pacific region. The Company has Data Centers in Tokyo, Hong Kong, Singapore and Seoul, Sydney, Kuala Lumpur and Bangkok in Asia Pacific region, and we are targeting to set up more DC in APAC countries. We are working on the same process in European market as well in the same way we are growing in Asia.

Job to be assigned: Network operation, implementation and troubleshooting. This is a pure hands-on Engineer position.

This is an excellent opportunity to grow with a company that has tremendous growth record. The candidate will have the opportunity to play a major role in Operations and Client Support Japan/Asia Pacific. We are looking for a highly motivated individual who could enjoy working for a small organization.

Required Skills

- Minimum 3 years of hands on network administration experience.

- Good knowledge and experience with following routing and switching technologies such as RSTP, Port-channels, HSRP/VRRP, OSPF, BGP.
- High to mid-level network engineer with great communication skills
- Hardware: Various Cisco routers and switches such as Catalyst, Nexus and etc.
- Experience with troubleshooting in complex network environment.
- This position is required to work closely with the Operations Engineers in Tokyo as well as with the other ACTIV employees and vendors in overseas globally.
- Great communication skill is required to proceed internal/external projects in timely manner.
- Must establish and maintain a good relationship with vendors in Japan (in Japanese) and overseas (in English).
- Overseas business trip will be required several times a year to maintain APAC datacenters in Hong Kong, Singapore, Australia, Korea and possibly some other APAC countries.

Company Description

ACS Japan is a Tokyo based executive search company delivering recruitment services that reflect the core values and needs of the business world today. Our team of professional and experienced recruiters are committed to providing the highest standards of service to both clients and candidates.

ACS Japan's commitment is to personalize individual service to both clients and candidates. We are strongly networked with industry professionals who seek and value success. As the experts of full range human capital services, we specialize in offering consulting and introductions through our networks. One of our main strength is exclusivity to our clients, and speed to our candidates.

We specialize in understanding the individual needs of each company and place top to middle management executives, IT professionals, and hard-to-find specialist qualified candidates. We build and maintain close partnerships with clients to fully understand their business, products, organization in addition to their internal company culture.
