### 募集要項

### About the company

We are currently looking for a Program Manager to join a highly profitable international automotive company with operations in Japan.

The company manages multimillion-yen programs with major automotive manufacturers and has secured long-term project

### Who are you

- You will have multiple years of program management experience (automotive industry preferred but not essential).
- You will be passionate about leading teams and delivering complex programs on time and on budget.

### Why apply

- You will lead high-visibility programs with major automotive manufacturers.
- ◆ Manage multimillion-yen projects with direct P&L responsibility.
- Shape premium automotive solutions for global markets.

### スキル・資格

### Skills, Knowledge, and Experience in ONE or MORE of the following:

- ◆ Multiple years of program management experience (automotive preferred)
- Engineering degree and program management methodology skills
- Strong understanding of development and manufacturing processes
- ◆ Fluent Japanese and business-level English (minimum TOEIC 700)
- ◆ Willingness to relocate to Kansai

### Experience in ONE or MORE of the following areas is desirable:

- ◆ Knowledge of IATF16949, ISO14001, PPAP, FMEA, APQP quality systems
- Understanding of component development and manufacturing processes
- ERP system user knowledge and advanced presentation skills
