募集要項

Summary:
As the Data Science Team Manager, you will lead and mentor a high-performing team, driving data-driven decision-making across the organization. You will develop and execute data-driven strategies to achieve business objectives, including revenue growth and risk mitigation. You will lead the successful delivery of data science projects, working closely with cross-functional teams. You will ensure data quality, integrity, and security. You will communicate data insights effectively to both technical and non-technical audiences, building strong relationships with key stakeholders.

Responsibilities:
- Discovery and resolution of business challenges through data analysis.

- Visualization of business challenges using BI tools.
- Problem-solving based on data science knowledge.
- Implementation of programs for data collection, processing, and integration, such as ETL processes.
- Data infrastructure development.
- Development of in-house data analysis personnel.
- Project management (process management).
- Team member management (recruitment, training, evaluation).

Additional Opportunities:
- Experience leading and managing diverse teams in a global organization.
- Opportunity to work on various projects to further grow a service with over 7 million MAU.
- The chance to join a global startup and experience the thrill of scaling the business globally with significant autonomy.

Technology Stack:
- Infrastructure: Google Cloud, AWS
- Data Warehouse: BigQuery
- Business Intelligence: Looker Studio
- Communication Tools: Slack, Google Workspace, Jira, GitHub

Our Mission:
Driven by Based on our mission of balancing business and social contribution, we have developed and operated "skyticket", a travel booking site that allows users to search and reserve affordable airfare and hotels.

Our Achievements:
- Over 20 million downloads of our app since its release in 2015
- Profitable even during the COVID-19 pandemic, demonstrating resilience across the travel industry
- Record-breaking profits achieved in June 2023
- Expansion to 6 subsidiaries overseas
- Our Global Workforce :The percentage of international employees hired exceeds 50%, we are fostering a truly global development environment.

Why Join Us?:
- Embrace a Global Environment
Join a team of talented individuals from Amazon headquarters, Accenture, Salesforce, and our Future Creator talent acquisition program.
Thrive in a multicultural environment, working in both Japanese and English, enhancing your soft skills and increasing your market value.

- Drive Innovation and Growth
Be part of a company that actively creates new businesses, having launched three new services since 2023.
Contribute to cutting-edge AI solutions that are shaping the future of travel.

- Seize Opportunities for Career Advancement
Develop your global expertise and gain valuable experience that will set you apart in the job market.
Take on challenging projects and make a real impact on our company's success.
In today's rapidly evolving landscape where AI is playing an increasingly prominent role, simply coding skills are no longer enough to guarantee market value.

For those seeking a global challenge and the opportunity to make a difference, "skyticket" offers a wealth of opportuni

----
