募集要項

Title: Associate Director, Fund Accounting

Country: Japan

Language: Japanese Language proficiency is Mandatory

Work Model: Hybrid [6-8 days' work from office in a month]

Job Description

- Prepares a variety of fund reports for clients including: cash forecasts, Net Assets Values (NAVs), yields, distributions, reconciliation, and other fund accounting output.
 - Updates and reviews trading, general ledger activity and pricing of funds.
 - Prepares and reconciles trial balances for assigned funds and prepares reconciliation of fund records to custodians and transfer agents.
 - Reviews complex investments and/or funds which may include international, fixed income, or derivatives securities.
 - Manager of staff leaders for multiple departments, or manager of professionals who work on issues that require in-depth knowledge or specialized skills. Exercises wide-latitude to make decisions to achieve defined goals.
 - Establishes operational objectives and provides strong tactical leadership. Coordinates with senior management or executives on critical cross-departmental or functional issues, removing barriers to operational success.
 - Participates in the development and implementation of company policies. Accountable for the results of one or more departments.
-

スキル・資格

- Minimally requires a Master's degree and 10 years of related experience, or Bachelor's degree and 12 years of related experience, or high school degree and 14 years of related experience.
 - Japanese Fluency is mandatory.
