募集要項

You will play a critical role in the sales process, acting as the technical expert and trusted advisor to our customers within the Japanese market. Your primary responsibilities will include delivering technical presentations, conducting product demonstrations, leading proof-of-concept (PoC) engagements as well as playing a key role in RFP tender responses. You will collaborate closely with the sales team to articulate the value of our solutions and ensure customer satisfaction

スキル・資格

demonstrations to prospective customers, showcasing the value and technical capabilities of our solutions. ●
RFPandTenderResponses: ○ Analyzecustomer requirements and prepare comprehensive, accurate, and timely responses to RFPs, RFIs, and tenders. Ensure all technical aspects are addressed effectively to support the sales strategy. ●
