Company and job overview

Our client is an IT company.

Job Responsibilities

- Serve as the initial point of contact for IT support requests via phone, email, and tickets, assisting users in both Japanese and English.
- Provide first-line troubleshooting for hardware, software, network, and application-related issues.
- Collaborate with team peers to provide best-in-class customer service for aligned tasks.
- Following internal procedures, escalate complex or unresolved issues to the appropriate L2 or L3 support teams.
- Monitor service desk queues and prioritize requests based on urgency and impact.

Job Requirements

- Have 2-7 years of experience in Service Desk / Technical Support (L1).
- Fluency in Japanese and English, with the ability to explain technical issues to non-technical users.
- Provide support through Calls, Emails, and self-service tickets and should be willing to work in a 24/7 rotational shift environment.
- Excellent customer service skills to support Global customers.
- Experience with advanced Active Directory, O365, software installation, Printers, and other standard applications.
