募集要項

POSITION: SUPPLY CHAIN DIRECTOR

BUSINESS: MANUFACTURING - FMCG

LOCATION: TUNGKRU

SALARY: 150,000 – 200,000 THB

Responsibilities

1. Strategic Leadership:

- Act as a strategic partner to business units, aligning supply chain strategies with overall business goals.
- Drive cross-functional collaboration to identify and implement improvements that reduce costs and enhance service levels.

1. On-Time Performance (OTP) Management:

- Monitor and improve OTP metrics, ensuring timely deliveries and addressing any delays or bottlenecks through corrective actions.
- Work closely with production and logistics teams to optimize delivery processes and meet OTP targets.

1. Capacity & Resource Planning:

- Oversee capacity planning across locations to ensure efficient resource utilization and manage production schedules.
- Develop contingency plans to mitigate risks and manage crises affecting production and delivery.

1. Risk Management:

- Identify and mitigate risks within the supply chain, ensuring continuity and minimizing disruption from external factors.
- Lead crisis management efforts to swiftly address unforeseen challenges in supply chain operations.

1. End-to-End Supply Chain Optimization:

- Manage the entire supply chain lifecycle, from procurement to final delivery, driving continuous process improvements and cost efficiency.
- Enhance vendor relationships and ensure timely material flow and supply chain execution.

1. Performance Monitoring & Reporting:

- Define and track KPIs (e.g., OTP, capacity utilization) to monitor supply chain performance.
- Provide data-driven insights to senior management for ongoing strategy refinement.

1. Sustainability Initiatives:

- Promote sustainable supply chain practices, aligning operations with company sustainability goals and environmental standards.

1. Vendor & Stakeholder Management:

- Build strong relationships with internal teams, vendors, and external partners to ensure smooth supply chain operations.
- Negotiate contracts and foster long-term partnerships that support business objectives.

1. Continuous Improvement:

- Lead initiatives for continuous process improvements and innovation, exploring new technologies to enhance operational efficiency and agility.

Requirements:

- Bachelor's degree in Supply Chain Management, Business Administration, or a related field (MBA preferred).
- 10 years of experience in supply chain management, with a proven track record of leadership and strategy execution.
- Strong analytical skills with expertise in supply chain software (e.g., SAP, Oracle, etc.).
- Proven leadership in managing cross-functional teams and multi-stakeholder projects, particularly in a manufacturing or similar industry (garment sector experience is a plus).
- Proficiency in data analysis tools (Excel, Power BI, etc.) and supply chain systems (e.g., SAP, Oracle ERP).
- Bilingual proficiency in Thai and English (verbal and written) is essential.
