## 募集要項

## Company and Job Overview

Strategic advisory firm in London is looking for an Associate with strategic stakeholder expertise.

## Job Responsibilities

Associates are able to leverage their own specialized skills and backgrounds while operating in generalist environment.

## Client Contribution &amp; Handling

Serve as an expert to clients on reputation, financial and crisis situations across multiple industries including Financial Institutions, Industrial &amp; Infrastructure, Healthcare &amp; Life Sciences and Energy &amp; Resources

Provide relevant insight, guidance and counsel to clients

Play integral role in new business process; participate in pitch preparation

## Team Management

Mentor and manage team members; work with Partner and Director on the day-to-day management of staff and client deliverables

Oversee research and monitoring assignments; responsible for distilling a large amount of information into the most impactful and helpful points

Manage the development of key client documents by playing a vital role in drafting, editing and routing throughout the internal process and external delivery

Develop strategic stakeholder engagement plan and documents including but not limited to talking points, Q&amp;As, etc.

## Networking

Build and foster a network of advisors including bankers, lawyers, management consultants and journalist to understand business critical issues and priorities

Proactively build a network locally to identify talent referrals, new business prospects and media contacts

### Essential skills:

- 3-10+ years of relevant work experience in a corporate/advisory role for strategy planning, business development, corporate reputation, financial and crisis situations
- Deep understanding of business in Japan; knowledge and experience in diverse financial, political and societal issues are a plus
- Fluent spoken and written English and Japanese (native level Japanese is preferred)
- Ability to operate effectively in an entrepreneurial, fast-paced environment
- Exceptional written and verbal communication ability
- Energetic team player with strong self-motivation
- Ability to think strategically and creatively, with strong problem-solving skills
- Strong attention to detail with the ability to multitask in high-pressure situations
- Exhibit discretion with confidential client matters
- Passionate to work in an international environment, strengthening Japan's global engagement.
