募集要項

This Finance Manager position focuses on overseeing financial reporting, accounting and forecasting for large-scale renewable energy projects. You'll work closely with senior management, providing strategic financial insights to drive long-term growth and project success.

Client Details

Our client is a large organization in the energy and natural resources industry. Based in Tokyo, they focus on bioenergy solutions, continually striving for innovative and sustainable practices that contribute to global energy efficiency.

Description

- Manage and oversee the daily operations of the accounting department.
- Prepare financial statements and performance reports.
- Coordinate budgeting and planning processes.
- Ensure compliance with financial regulations and standards.
- Participate in key decisions as a member of the executive management team.
- Manage organizational cash flow forecasting.
- Develop and implement financial management strategies.

- Lead and supervise the finance team.

Job Offer

- An estimated salary range of up to JPY 12Million
- Opportunity to work in a leading energy and natural resources company.
- A supportive and collaborative work environment.
- Generous holiday leave.
- Opportunities for professional development and career progression.

We encourage all qualified candidates who are passionate about energy efficiency and financial management to apply. This is a fantastic opportunity to contribute to our strategic growth and lead our dedicated finance team.

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Francois Yanase.

スキル・資格

A successful Finance Manager should have:

- A degree in finance, accounting, or a related field.
- Proven experience in a managerial role within the finance sector.
- Strong knowledge of financial regulations and accounting processes.
- Excellent leadership and team management skills.
- Strong analytical and strategic planning abilities.
- Proficiency in financial software programs.

会社説明

The company is a rapidly growing global leader in the renewable energy sector, specializing in solar, wind, biomass, and energy storage systems. With a strong focus on sustainability, they are expanding their presence across Asia and committed to developing high-quality renewable energy projects that contribute to a greener future.
