募集要項

This position involves managing global market risk for a major financial institution, working closely with overseas offices and supporting a wide range of risk-related processes. The risk team is internationally diverse, offering a dynamic and collaborative environment.

Client Details

Our client is a leading securities firm within a major banking group. They are committed to strengthening global risk governance and promoting international collaboration across their global offices. Their risk management division includes talent from various backgrounds, including foreign nationals and professionals from global firms.

Description

- Aggregate and report various market risk limits
- Manage limit applications submitted by overseas offices
- Support new products and business applications from international entities
- Respond to inquiries related to reports from global branches
- Handle internal reporting when exceptional events occur overseas
- Address queries from the parent banking group

- Participate in regular monthly meetings with overseas risk teams

Job Offer

- Salary: Approx. ~¥18M annually, depending on experience and grade
- Work style: Hybrid (remote work available)
- Benefits: Full social insurance, childcare support, telework options, employee stock plans, housing support, and extensive paid leave (including special and family-related leave)

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Terutora Kato at +81368328965.

スキル・資格

- A solid understanding of market risk management in financial services.
- Strong sense of ownership and teamwork
- Business-level English proficiency (speaking, reading, writing)
- Comfortable with numerical data; knowledge of front office or planning functions preferred
- Experience in global market risk management is a strong plus
