募集要項

A renowned renewable energy firm is looking for an Investment Analyst Associate. The selected candidate will evaluate and execute investment opportunities, conduct due diligence, and model financial performance. This is a hybrid setup role.

A leading player in Japan's renewable energy sector, this company specialises in developing and operating large-scale solar power projects. With a strong commitment to sustainability, it drives the transition to clean energy by delivering reliable and innovative solutions.

Keywords:

Job Ref: MA3YS9

Responsibilities:

- Assess new investment opportunities, including market analysis and deal structuring
- Conduct due diligence, risk underwriting, and manage external advisors
- Develop and review financial models to support deal underwriting and structuring
- Perform ad-hoc financial analysis to support transaction negotiations
- Monitor investment performance and key value drivers
- Support portfolio companies with ongoing financial and operational analysis

Requirements:

- Bachelor's degree or above
- 3-4 years of experience in finance
- Finance and accounting expertise
- Strong financial modelling skills
- Fluent level Japanese and English

会社説明

We've been a driving force in the Japanese bilingual recruitment market, providing high quality candidates for our clients and access to the best jobs for over 20 years. We operate a team-based profit share system which, we believe, sets us apart from the majority of competitors by enabling us to always put the interests of our clients and candidates first. That means we can find the best fit for employer and job seeker, and we never push people into unsuitable roles.
