募集要項

We are on the hunt for a Content Curator Lead who will oversee the platform's fashion content. This role is ideal for someone with a keen eye for fashion, backed by a solid understanding of AI.

Client Details

Our client is a global organization making strides in the Technology industry, headquartered in Singapore, they pride themselves in leveraging AI, computer vision, and behavioral algorithms to deliver hyper-personalized fashion and user experiences.

Description

- Oversee the development and execution of AI-driven fashion strategies.
- Curate and manage an extensive catalogue of fashion content.
- Liaise with technology teams to enhance AI styling capabilities.
- Collaborate with marketing teams to promote the AI fashion stylist.
- Analyze user data to understand fashion preferences and trends.
- Develop and maintain relationships with fashion brands and influencers.
- Ensure all content aligns with company's brand and quality standards.

- Lead a team of content curators and stylists to achieve project goals.

Job Offer

- Competitive salary package including base and bonus.
- Opportunities for professional growth in the Fashion and AI industry.
- A generous holiday leave package.

If you are passionate about fashion, technology and have a knack for content curation, we would love to hear from you! Let us shape the future of AI styling together.

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Ryan Li on +813 6832 8902.

スキル・資格

- A proven track record in content curation, content marketing, social media marketing, preferably in the fashion or tech industry.
- Fluent Japanese language and English is a must.
- Strong passion about AI and tech.
- Effective communication and interpersonal skills.
- Strong analytical skills with the ability to interpret user data.
