募集要項

Responsibilities:

- Perform routine inspections of all facility systems and execute necessary maintenance and repairs, including electrical, plumbing, HVAC, and structural work.
- Oversee the upkeep and functionality of fire safety equipment and systems.
- Verify that tasks completed by staff or contractors meet required standards, and address any shortcomings.
- Plan, coordinate, and manage essential central services such as maintenance, cleaning, waste management, and recycling.
- Troubleshoot, diagnose, and resolve equipment issues within the cleanroom environment.
- Develop and implement preventive maintenance plans for all cleanroom equipment, ensuring timely repairs and servicing.

- Ensure adherence to health and safety regulations and internal company policies.
- Respond promptly to emergencies or urgent issues, managing their resolution effectively.
- Design and deliver safety training programs for employees.
- Investigate workplace incidents and accidents, determine root causes, and implement corrective measures.
- Maintain accurate records of inspections, maintenance tasks, and safety documentation.
- Provide support and guidance during emergency situations.
- Ensure the facility complies with health and safety standards and relevant legislation.
- Optimize the use of space and resources within the building, including reorganization when necessary.
- Apply performance management strategies to monitor service levels and drive continuous improvement.
