募集要項

Company And Job Overview

Our client is a distinguished entity in the steel industry, renowned for its advanced manufacturing processes and superior quality. Specializing in the production of steel sheets through sophisticated techniques such as blanking, trapezoid, rectangle, and round cutting, it primarily serves the automotive sector with exceptional precision and reliability. They are now seeking an Assistant Manager for the Operations Department to oversee daily operations.

Job Responsibilities

Maintenance:

- Oversee the maintenance team and daily activities, providing guidance and support
- Develop and implement preventative maintenance programs to minimize downtime
- Ensure maintenance work follows procedures and respond promptly to requests and emergencies

- Manage maintenance inventory and confirm specifications for new model
- Ensure compliance with documentation, audits, and health, safety, and environmental regulations

Quality Control:

- Manage quality control processes and supervise QC staff
- Identify and implement improvements in QC processes and ensure compliance with documentation
- Collaborate with production teams to resolve quality issues and ensure compliance with industry standards
- Analyze and improve quality issues, and monitor quality management systems
- Prepare and present quality reports to management, ensuring compliance with health, safety, and environmental regulations

Job Requirements

- Possess at least a Bachelor's Degree
- At least 5 years of working experience in a related field is required for this position
- Familiar with ISO standards
- Preferably a candidate specialized in Manufacturing/Production Operations or equivalent
- Resourceful, result-oriented, flexible, and adaptable leadership with the ability to motivate teams
- Excellent communication, analytical, interpersonal, and organizational skills
