募集要項

Company and Job Overview

Our client is a leading MNC in the food ingredients industry. As part of their business expansion, they are looking to hire an experienced regional sales candidate who is familiar with food ingredients/food manufacturing to cover for Asia Pacific region.

Job Responsibilities

- Service existing clients to ensure satisfaction with the services provided
- Draft proposals on Sales & Marketing, including technical solutions for customers
- Tracking market developments, sales performance, competitive analysis, forecasts, and trends on a monthly basis
- Research, identify, develop, and consolidate data on customers' needs, such as product applications, service requirements, buying cycles, delivery schedules, and internal regulations like pricing structures
- Conduct market research to identify and understand business partners' expectations and needs

- Work closely with immediate Superior to implement defined Sales & Marketing activities, such as cost targets vs. supply vs. sales, incentive plans, product portfolio streamlining, product applications, and product flows
- Provide technical support to ensure superior customer service and quality, continuity of product and/or application introduction, and timely know-how exchange
- Build strong business rapport with clients and offer excellent value-added services

Job Requirements

- Bachelor's Degree (Food Technology/ Nutrition/ Dietetics) or equivalent
- At least 8 years' experience in food ingredients industry
- Well versed with MS Office, MS Excel and particularly in Power Point presentation
- Good communication skills, well-versed in spoken and written English.
- Applicants should be Malaysian citizens or hold relevant residence status
