募集要項

Company Information: Manufacturing company

Job Title: Accountant

Location: Kingston (hybrid working is available after a training)

Employment Status: Permanent

Salary: GBP 35-40K

Job Summary:

Our client is looking for an experienced and detail-oriented Accountant to join their accounting team. The ideal candidate will have a strong background in accounting, excellent analytical skills, and the ability to work independently. This role involves overseeing the accounting operations, ensuring accuracy in financial reporting, prepare and review the statutory accounts

and providing strategic insights to support business decisions.

Main responsibilities:

- 1) Preparing and reviewing financial statements, ensuring compliance with accounting standards and regulations.
- 2) Handling month-end and year-end closing processes.
- 3) Reconciling general ledger accounts and resolving discrepancies.
- 4) Overseeing accounts payable and receivable functions.
- 5) Conducting financial analysis and providing insights to support strategic planning.
- 6) Assisting the Year End, Quarterly period and Month end accounts.
- 7) Leading the preparation of statutory accounts in accordance with local GAAP, ensuring accuracy and compliance.
- 8) Assisting in budgeting and forecasting activities.
- 9) Coordinating with external auditors and providing necessary documentation.
- 10) Staying updated on industry trends and changes in accounting regulations.

We regret to inform applicants that only shortlisted candidates will be notified. Thank you for your understanding
