募集要項

About the Company

Your Opportunity to Launch into Space!

This is a unique chance to delve into the space industry and make a real impact. We are actively seeking a talented Cloud Engineer to boost our satellite system design and development initiatives.

- Holding a leading position in the space industry.
- A strong technical and knowledge-rich environment.
- Exceptionally innovative projects – truly "out of this world."
- Provide a worldwide stage to leverage your talents.

Who are you

- An experienced cloud infrastructure designer, implementer, and operator.
- A systems thinker who loves to automate everything.
- You will be excited to work on massive and global projects.

Why you should apply

- Cross-country collaboration
- Gain irreplaceable work experience
- The company offers excellent career development opportunities for talented developers

スキル・資格

Requirements

- Extensive experience with cloud infrastructure (AWS/GCP).
- Practical knowledge of Linux and Microsoft Windows.
- Strong ability to prioritize issues and solve problems effectively.
- Excellent communication skills, both oral and written, for engaging with users and suppliers.

Desired

- Obtained AWS solution architecture and other certification
- Possesses experience with automated testing and implementing CI/CD processes
- Experience in information security.
