## 募集要項

Drive the development and launch of supplements in Japan, aligning with market trends and strategic goals.

Combine market insight and promotional planning to boost product performance and consumer engagement.

## **Client Details**

Our client is a globally recognized health and wellness company known for its natural product line and strong community engagement. With a rapidly growing presence in Japan, the brand combines innovation with a deep commitment to customer education, sustainability, and well-being. This is an ideal environment for professionals passionate about wellness, product innovation, and long-term career development.

## Description

- Plan and execute the launch of new supplement products for the Japanese market
- · Conduct market research to define product positioning, targeting, and sales forecasts
- · Work cross-functionally with global HQ, logistics, and regulatory teams to ensure timely product rollout
- Analyze sales performance and adjust promotional and sales strategies accordingly

- · Develop sales kits, tools, and content to support campaigns and customer engagement
- Collaborate with training teams to ensure accurate, compelling product communication
- Manage product portfolio performance and make recommendations for future planning
- Ensure compliance with Japanese health and marketing regulations
- · Drive continuous improvement through post-launch analysis and reporting

#### Job Offer

- · High-impact role in a purpose-driven, wellness-focused organization
- Opportunity to shape product strategy in a growing market
- · International collaboration with HQ teams and industry professionals
- Clear visibility and ownership of the product lifecycle
- Competitive compensation and supportive work culture

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Nhu Nguyen on +81 3 6832 8943.

#### スキル・資格

- Fluent Japanese with strong communication and public speaking skills
- Strategic and hands-on experience in product marketing or development (3-5 years preferred)
- · Knowledge of Japanese supplement or health product regulations
- · Highly analytical, data-driven, and results-focused
- · Passionate about wellness and product education
- Strong sense of ownership and accountability
- Familiarity with network business or global operations is a plus
- · Proficient in Microsoft Office tools (Outlook, Excel, PowerPoint, Word)
