 - L Flexible working hours (flextime system)
 - L Hybrid / Home Office Model (Employees are expected to work from the office 2 to 3 times per week)
-

スキル・資格

About the requirements. You need:

- At least 2 years of professional experience in IT projects for the financial sector, preferably insurance or bancassurance (experience from international companies would be an asset)
- To be creative, resourceful, and proactive in finding solutions to complex problems
- Ability to apply analytical thinking and synthesis to present results of your work
- Strong aptitude to work with clients from the financial sector in a professional environment
- Ability to learn quickly in a friendly but challenging international environment
- To enjoy teamwork with experts with various professional backgrounds and skills
- To be able to work in Japan on a full-time basis
- At least a bachelor's degree
- Great command of English (over TOEIC 900) and Japanese (over N1 level), being fully confident collaborating with English native speakers
- Show interest in supporting business development activities in Japan

About the wishes. Nice to have:

- Familiarity with insurance business processes
 - Experience working in fintech, consulting, implementation, or IT company, especially in the fields of insurance or bancassurance
 - International higher education
 - Team leadership skills and management experience
 - Additional languages
 - While having the main office in Tokyo, you want to work with our Clients abroad, traveling up to 50% of your work time
-
