募集要項

Company: OEM manufacturer specializes in the development and production of skincare products, particularly face masks.

Location: Samut Sakorn area (Open to negotiation or WFH)

Salary: Up to 150,000 THB

Job Description:

We are looking for someone who has mixed knowledge in technical expertise in cosmetic's formulation, and product development with the skill to convert market trends into successful product concepts.

Key Responsibilities:

- Lead the formulation and product development process, ensuring alignment with market trends and consumer needs.

- Collaborate with R&D, marketing, and product development teams to create innovative beauty and skincare products.
- Analyze market trends and consumer insights to develop new product concepts.
- Ensure products meet regulatory standards and quality benchmarks.
- Drive innovation by staying updated with the latest advancements in the cosmetics and skincare industry.

Qualifications:

- Proven experience in the cosmetics/skincare industry.
- Strong understanding of trends, product innovation, consumer needs, and the Asian beauty market.
- Ability to collaborate effectively across local Thai team in R&D, marketing, and product development teams.
- A passion for innovation and a deep understanding of the beauty and skincare industry.

Interested candidate, please send your resume in English (Word format only) along with your recent photo and expected salary to us.
