募集要項

Job Overview

We are looking for an experienced Senior Japanese Community Manager / Japanese Community Manager as part of our team to join our journey in fostering a healthy community and help extending our players' gaming experience in-game & out. In this role, you will contribute to navigating the complex APAC environment and driving our game's narrative to the players.

Reports to

Senior Community Manager, Japanese

What will you do?

Responsibilities include but are not limited to the following:

- · Planning, organizing, and executing community focused strategies and content campaigns for our game
- Building, maintaining, and monitoring our community channels from internal and external platforms inclusive of social media touch points across APAC focusing on Japanese market
- · Driving conversations on our social media channels, as well as on platforms where our games are available
- · Identify, build, and maintain relationships with regional content creators, community contributors, and advocates
- Acting as the bridge between players and developers to communicate and translate feedback into actionable suggestions for the team
- Coordinating communication and initiatives with various cross-functional/ regional / global stakeholders to collaborate closely
- Supporting and executing live updates, content releases, and cross-promotional campaigns
- · Research the latest trends and best practices to stay up to date
- Compiling reports and delivering updates on community sentiment, concerns, suggestions, and other related community insights

スキル・資格

What are we looking for?

- At least 5 years' experience in relevant fields such as Community Management or Social Media Management or Marketing
- Native in Japanese to support our Japanese players / community
- · Able to communicate in English
- · Excellent writing and communication skills
- Have a strong passion for games
- Results-driven and have a player-centric mindset, with the ability to multitask and come up with creative solutions to engage our players
- Team player to be able to work with cross functional, regional, and global teams

What additional skills will help you stand out?

- . Being a streamer or familiar with the streaming environment is a plus
- · Experience working in a relevant industry such as animation, media, lifestyle entertainment companies
- People management / Coaching / Mentoring experience
- · Good planning and strong project management skills
- · Familiarity with Wargaming products will be an advantage

Work mode

Onsite
