募集要項

This Senior FP&A role supports budgeting, forecasting, and financial analysis during a period of organizational transformation. It offers a strong learning opportunity for those looking to build strategic finance skills in a dynamic, cross-functional environment.

Client Details

Our client is a global leader in the food industry, operating across four continents and distributing to over 50 countries. With a strong presence in Japan, they are expanding their product portfolio beyond their core offerings and are currently undergoing a finance transformation to support continued growth and innovation.

Description

- Prepare and manage the financial planning and analysis process, including budgeting, forecasting, and variance analysis.
- Collaborate with cross-functional teams to consolidate financial data and ensure accuracy in reporting.
- Analyze business performance and provide actionable recommendations to enhance profitability and efficiency.
- Develop financial models to support decision-making and strategic planning.
- Monitor key financial metrics and prepare regular management reports.

- Assist with the evaluation of new business opportunities or projects from a financial perspective.
- Ensure compliance with internal controls and external regulatory requirements.
- Support the Accounting & Finance team with ad hoc reporting and tasks as needed.

Job Offer

- Competitive salary package.
- Opportunities for career growth and professional development within the FMCG industry.
- Collaborative work environment in a medium-sized organization based in Tokyo.

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Hai Le at +81 3 6832 8623.

スキル・資格

- Business Level in Japanese and English
- Proven experience in financial analysis, budgeting, and forecasting within the FMCG industry.
- Proficiency in financial modeling and using tools such as Excel and ERP systems.
- Excellent analytical and problem-solving skills with attention to detail.
- The ability to work effectively in a team and communicate financial insights clearly.
- A proactive mindset and adaptability to a fast-paced environment in Tokyo.

会社説明

Our client is a global leader in the food industry, operating across four continents and distributing to over 50 countries. With a strong presence in Japan, they are expanding their product portfolio beyond their core offerings and are currently undergoing a finance transformation to support continued growth and innovation.
