募集要項

The Market Access Manager will be responsible for developing and executing strategies to secure market access for products within pharma sector. This role requires a strong understanding of Health policy frameworks and the ability to collaborate with cross-functional teams in Tokyo.

Client Details

This role is with a respected large organization within the Pharma industry. The company focuses on innovative solutions and is known for its commitment to advancing science and technology.

Description

- Develop and implement market access strategies to support product launches and ensure regulatory compliance.
- Analyze market trends and healthcare policies to identify opportunities and potential challenges.
- Work closely with cross-functional teams, including sales, marketing, and regulatory affairs, to align strategies.
- Build and maintain relationships with key stakeholders, including government agencies and healthcare providers.
- Prepare and present proposals for pricing and reimbursement strategies.
- Monitor competitive landscape and provide insights to refine market access initiatives.
- Collaborate with global teams to ensure alignment with corporate objectives.

- Ensure compliance with local and international regulations in all market access activities.

Job Offer

- Opportunities for professional growth within a large organization in the Pharma
- A permanent position with stability and a focus on impactful work.
- Access to a collaborative and innovative work environment in Tokyo.

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Nalisala Karnnganunvichit on +81 3 6832 8650.

スキル・資格

- 5 years+ of experience in market access, pricing, or related roles within the pharmaceutical industry or a consulting firm
- In-depth knowledge of the Japanese pharmaceutical landscape, supported by significant involvement in industry association activities.
- Demonstrated success in negotiations with MHLW or comparable authorities, with a track record of achieving favorable outcomes.
- Outstanding communication and interpersonal abilities, with proficiency in English (written and spoken) and fluency in Japanese.

会社説明

This role is with a respected large organization within Pharma industry. The company focuses on innovative solutions and is known for its commitment to advancing science and technology.
