募集要項

Company and Job Overview

A local holding company is looking for a Material Planner to become part of their energetic team. You will be responsible for ensuring the timely and efficient supply of materials required for production and operations.

Job Responsibilities

- Utilizing software systems to evaluate and forecast material requirements.
- Collaborating with production and purchasing teams to ensure sufficient material supply.
- Evaluating supplier performance based on quality, cost, and delivery timeliness.
- Implementing inventory management strategies to avoid shortages and surpluses.

- Regularly reviewing material demand and supply patterns to identify trends and make necessary adjustments.

Job Requirements

- Bachelor's degree in Operations, Supply Chain Management, Business, or related field.
- At least 3 years of working experience in operations, logistics, or supply chain, preferably in medical or FMCG industry.
- Strong knowledge of supply chain and inventory management systems.
- Excel proficiency (pivot tables, VLOOKUP/XLOOKUP, forecasting models).
- Excellent analytical and problem-solving skills.
