募集要項

Duties and Responsibilities include:

- Work as part of the team in the origination, development, structuring, negotiating and bidding for large scale water and waste infrastructure projects and/or M&A transactions within water, environment and renewable sectors
- Oversee financial modelling and due diligence processes within team and manage advisors
- Lead financing and structure /negotiate key project documents, including EPC, SPA etc
- Review and input into legal, commercial and technical documentation, as required, for optimised project structuring
- Negotiate shareholder agreements for equity sell downs
- Perform asset management role once projects reach financial close
- Prepare information memorandums and internal approval papers
- Train and develop junior staff

Skills and Experience:

- Undergraduate degree in finance, economics, law, with MBA preferred
- Minimum 10 years' prior experience gained in either a leading industrial infrastructure player or financial institution with project finance or infrastructure investment background, ideally with a power, water or energy from waste background
- Solid and relevant experience in large scale infrastructure transactions with a proven track record
- Highly numerate with strong analytical and negotiating skills
- Willingness and ability to travel frequently and on short notice
- Fluent in English with excellent oral and written skill
- Eligible to work in UK without restriction

We regret to inform applicants that only shortlisted candidates will be notified. Thank you for your understanding.
