募集要項

OVERVIEW

A leading global manufacturer in the interconnect industry

Location: The North of Vietnam

Reports to: Global Director of Operations

Responsibilities

- Develop and manage factory capacity plans (people, equipment, materials, etc.)
- Track and report performance metrics, risks, and strategic updates
- Collaborate with internal teams to align project goals and execution
- Recommend and evaluate investments in infrastructure, tooling, and automation

- Engage with stakeholders and support customer success for new product adoption

Requirements

- Bachelor's degree in Engineering, Data Analytics, or equivalent (PMP certification preferred)
- 7+ years of experience in operations, program, or product management
- Background in capacity planning, supply chain, or manufacturing strategy
- Fluent in English (Mandarin is a plus)
- Strong analytical skills (advanced Excel)
- Excellent communication, coordination, and project management abilities
