募集要項

Job Description & Responsibilities:

- Develop and innovate liquid dairy products based on market trends and consumer needs
- Improve existing product formulations to enhance taste, nutrition, and shelf life
- Ensure product compliance with BPOM regulations and company standards
- Manage R&D projects from concept to commercial launch
- Coordinate with cross-functional teams (Marketing, Production, QA/QC, etc.)
- Optimize processing methods for efficiency and quality consistency
- Evaluate and collaborate with raw material suppliers

- Monitor new ingredients, technologies, and industry trends
- Maintain documentation of trials, formulations, and technical specifications
- Lead and develop the R&D team to drive innovation and performance

Requirements:

- Bachelor's/Master's degree in Food Science, Dairy Technology, or related fields.
- Minimum 7 years of experience in R&D within the dairy or beverage industry.
- Strong knowledge of dairy formulations, UHT technology, and food safety standards.
- Experience with BPOM regulations and Halal certification processes.
- Excellent project management and cross-functional collaboration skills.
- Fluent in English and Bahasa Indonesia.
