募集要項

COMPANY OVERVIEW

A leading Japanese company in the marine electronics industry is looking for a Field Engineer in the Hamburg area, Germany. Due to business expansion, we are seeking a responsible and adaptable professional to provide top-notch technical support and services.

JOB RESPONSIBILITIES

- Engineering tasks on ships (hull, deck, high places, etc.)
- Daily technical support for customers (ship owners, fishing companies, shipbuilding companies)
- Regular maintenance and emergency repairs
- Installation, setup, and adjustment of new equipment upon purchase

- Technical guidance and parts support for partner agencies

JOB REQUIREMENTS

- Background in electrical or mechanical engineering
- Valid driver's license
- Experience in repairing and maintaining electronic equipment
- Experience in electrical work

BENEFITS

- OJT will be carried out
- Detailed working condition and benefits will be provided when interviewing

This position welcomes individuals from various backgrounds, including electricians, factory maintenance technicians, and aircraft or automotive mechanics. Specific experience in a particular job is not required. Since marine electronics is a niche field, new hires will become familiar with their products and operations through training and on-the-job training (OJT) after joining the company.

Due to the high volume of applicants, we regret to inform that only shortlisted candidates will be notified. Thank you for your understanding

Notice: By submitting an application for this position, you acknowledge and consent to the disclosure of your personal information to the Privacy Policy and Terms and Conditions, for the purpose of recruitment and candidate evaluation.
