募集要項

Our client, a leading provider of computing technologies MNC is looking for Material Director as a crucial leadership role in managing the sourcing, procurement, inventory, and distribution of materials within global organization.

Job Responsibilities

- Ensure the integrity of global material data across internal systems and external supplier networks.
- Drive annual revenue targets by securing supply continuity and managing strategic inventory levels.
- Lead and optimize materials-related business processes, including ERP integration and supplier collaboration workflows.
- Oversee the global rework process, coordinating execution across multiple departments and functions.
- Support the global purchasing organization by enabling supply assurance through dedicated teams.
- Provide leadership, coaching, and development for managers and individual contributors within the materials function.
- Establish and enforce policies and standards for effective material management practices.
- Manage the global performance measurement system for material operations.
- Own the strategic inventory framework to support revenue goals and minimize financial exposure.
- Administer the operational processes for supplier collaboration tools.

- Contribute to sourcing decisions by providing materials-related insights and analysis.
- Act as a liaison between materials management and procurement commodity teams to align on strategic initiatives and ensure supply assurance

Job Requirement

- More than 15 years of working experience in supply chain field including minimum 5 years management experience
- Strong breadth in Materials management experience including Purchasing, Planning (Strategic & Tactical), Warehousing, Logistics and Manufacturing
- International supply chain experience
- Materials management experience in Engineer to Order, Build to Stock, Build to Order, Assemble to Order supply chain strategies
- Contract Manufacturing experience including contract management
- Experience leading a global team
- Experience with multiple million-dollar operating budgets and finances
