募集要項

We are seeking a dedicated Ocean Import Customer Service and Operations representative to contribute to our Transport & Distribution department. The ideal candidate will possess excellent customer service skills and a deep understanding of logistics within the transport and distribution industry.

Client Details

Our client is a prominent player in the transport and distribution industry, boasting a large organization spread globally. Known for its commitment to excellence, the company offers a collaborative work environment in Tokyo and continually seeks to enhance its operations and customer service experience.

Description

- Manage ocean import operations and customer service tasks efficiently.
- Coordinate and communicate with clients and internal teams for seamless operations.
- Ensure documentation for transport and distribution is accurately maintained.
- Comply with customs regulations and other relevant legal and administrative requirements.
- Resolve customer queries and complaints in a professional manner.
- Monitor and report on transport and logistics performance.

- Enhance customer satisfaction through proactive and responsive service.
- Contribute to team efforts to achieve departmental and company objectives.

Job Offer

- Commuting allowance to support your travel to our Tokyo office.
- An engaging work culture focused on growth and excellence.
- A permanent role in a globally recognized organization.

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Davide Capretta at +81 3 6832 8675.

スキル・資格

A successful Ocean Import Customer Service and Operations representative should have:

- A solid background in logistics, transport, or a related field.
 - Proficiency in customer service and operations within the transport & distribution industry.
 - Strong communication skills to liaise with customers and team members effectively.
 - Experience in handling ocean import operations and logistics ideal
 - A customer-centric approach with problem-solving abilities.
 - Business level of English and high business Japanese
-
