募集要項

Position: Senior Civil Engineer (MEP Function)

Salary: 100,000 – 150,000 THB/Month

Location: Asok, Bangkok

Responsibilities:

- Review and coordinate construction drawings for civil and MEP systems
- Support the design and planning of electrical, HVAC, and instrumentation infrastructure
- Supervise site activities related to MEP installations
- Ensure compliance with local codes, safety regulations, and project specifications
- Collaborate with cross-functional teams including clients and subcontractors
- Prepare progress reports, quantity take-offs, and technical documentation
- Participate in site meetings, inspections, and handover processes

- Assist in construction scheduling and quality control processes

Qualifications:

- Bachelor's degree in Civil Engineering or related field
- Experience in civil engineering, preferably with MEP coordination
- Knowledge of electrical and HVAC systems in building construction
- Proficient in AutoCAD, MS Office, and project tracking tools
- Strong problem-solving ability and attention to detail
- Familiarity with instrumentation/control system infrastructure is an advantage
- Strong English for communication skills
- Valid Thai engineering license (■■■) is a plus
