## 募集要項

We're seeking a Software Development Lead who combines strategic thinking with a hands-on approach to leadership. The ideal candidate is someone who thrives in dynamic environments, empowers teams through mentorship, and drives innovation with clarity and purpose. If you're a thoughtful decision-maker who values collaboration, accountability, and long-term impact, we'd love to connect.

Responsibilities:

- Lead and mentor a team of developers throughout the project lifecycle

- Architect and implement scalable, high-performance systems

- Collaborate with stakeholders to align technical solutions with business needs

- Ensure code quality, performance, and reliability across platforms

- Troubleshoot and resolve technical challenges efficiently

- Promote best practices and continuous improvement within the team

Qualification:

- 10+ years of hands-on experience in software development

- Proficiency in full-stack programming languages such as Golang, Node.JS, Next.JS

- Solid experience in system architecture and software deployment

- Strong analytical mindset and problem-solving capabilities

- Familiarity with agile development methodologies

- Proven leadership in managing technical teams

- Excellent communication and interpersonal skills

- A degree in Computer Science, Engineering, or a related field

Interested candidate, please submit your most recent resume in English by simply clicking "APPLY NOW'
