募集要項

COMPANY OVERVIEW

Our client is specialized in the production and distribution of high-quality diesel and gas generator sets, marine engines, and related systems, serving the Asia-Pacific region with a strong commitment to technological innovation and customer-centric solutions.

JOB RESPONSIBILITIES

- Assist in entering, updating, and maintaining material, customer, and pricing data in the SAP system. Ensure data accuracy and consistency in alignment with internal governance standards.
- Support the preparation and maintenance of key commercial data lists and related documentation. Coordinate updates based on internal inputs and ensure timely distribution to relevant teams.
- Help design and enhance PowerPoint presentations for internal and external use. Ensure visual appeal, adherence to corporate branding, and clarity in message delivery.
- Generate basic data extracts and summaries to support commercial operations. Conduct data checks, organize digital

files, and assist in documenting processes and workflows.

- Contribute to market research activities, including gathering competitor intelligence, identifying industry trends, and compiling public data for internal analysis. Present findings in clear, concise formats.

JOB REQUIREMENTS

- A Bachelor's degree or Diploma in Business Administration, Marketing, Supply Chain Management, or a related field is required.
- 1 to 3 years of experience in sales operations, supply chain coordination, or a similar role, ideally within a fast-paced or manufacturing environment.
- Familiarity with SAP systems or platforms is highly preferred.
- Basic understanding of business operations and commercial processes
- Strong attention to detail and commitment to data accuracy
- Proficient in business software tools such as SAP, Microsoft Office, and CRM systems
- Effective communication and coordination skills
