### 募集要項

A global manufacturing company is looking for an FP&A Controller. The selected candidate will drive financial planning, analysis, and reporting to support strategic decision-making.

#### Responsibilities:

- Lead business planning, forecasting, and long-range financial strategies
- Monitor and analyse costs, working capital, headcount, R&D, and CAPEX performance
- Manage balance sheet budgeting and reconcile net sales and profits
- Deliver monthly forecasts and variance analysis
- Compile and present reports for both headquarters and local management
- Control project costs, monitor market trends, and analyse cost variances

#### Requirements:

- More than 3 years of experience in financial and accounting capacity in a global company
- More than 2 years of experience in accounting and cost or variance analysis, planning and budgeting with emphasis on operations related accounting
- Experience in SAP is a plus

- Proficient in MS Office Suite is preferred
- Knowledge of IFRS and Japan GAAP is ideal
- Skilled in business analysis to assess needs and identify solutions
- Proficient in written and verbal English and Japanese

**会社説明**

We've been a driving force in the Japanese bilingual recruitment market, providing high quality candidates for our clients and access to the best jobs for over 20 years. We operate a team-based profit share system which, we believe, sets us apart from the majority of competitors by enabling us to always put the interests of our clients and candidates first. That means we can find the best fit for employer and job seeker, and we never push people into unsuitable roles.
