#### 募集要項

This Research Assistant role in the financial services industry involves supporting research projects and data analysis for the banking and financial services department. This is a temporary position offering an excellent opportunity to gain hands-on experience in a professional environment, with a chance of conversion to permanent for high performers.

#### Client Details

This is an opportunity to work with a large organization in the financial services industry, known for its structured processes and emphasis on delivering results. The company is committed to maintaining high standards and fostering a professional work environment.

#### Description

- Assist in gathering and organizing financial data for research purposes.
- Support the preparation of reports and presentations for internal use.
- Perform basic data analysis and ensure accuracy in findings.
- Coordinate with team members to meet project deadlines.
- Maintain confidentiality while handling sensitive information.
- Contribute to ad hoc tasks as required by the research team.

## Job Offer

- Competitive salary.
- Opportunity to gain valuable experience in the banking and financial services industry.
- Exposure to a professional, structured work environment.
- Potential to develop key research and analytical skills.

This is a fantastic opportunity for those looking to build their expertise in the financial services industry. Apply now to take the next step in your career!

To apply online please click the 'Apply' button below. For a confidential discussion about this role please contact Tom Williams at +81 3 6832 8664.

---

## スキル・資格

A successful research assist should have:

- A university degree in economics from a top university.
  - Proficiency in Microsoft Excel and other data analysis tools.
  - Strong attention to detail and organizational skills.
  - The ability to work independently and as part of a team.
  - An interest in the financial services and banking sectors.
- 

## 会社説明
