Responsibilities:

- Collect and analyse HR-related data using Microsoft Excel

- Update and optimise HR system templates using VBA
- Manage internal HR systems and serve as liaison with global headquarters
- Communicate with stores/ HRBP to control HR KPIs
- Identify and resolve risks during project implementation
- Collaborate with teams to improve HR processes and promote digital transformation

Requirements:

- Experience handling huge volume of personal or financial information
- Prior experience as data analyst and accounting is preferred
- Proficient in MS Office Suite
- Native level Japanese; business level English

会社説明

We've been a driving force in the Japanese bilingual recruitment market, providing high quality candidates for our clients and access to the best jobs for over 20 years. We operate a team-based profit share system which, we believe, sets us apart from the majority of competitors by enabling us to always put the interests of our clients and candidates first. That means we can find the best fit for employer and job seeker, and we never push people into unsuitable roles.
