スキル・資格

Must

- 1. Experience in sales/accounting/purchasing (departments handling money) at a factory manufacturing company
- 2. Ability to create data using key Excel functions (e.g., SUMIF, VLOOKUP)
- Knowledge and understanding of industrial product cost structures (material costs, processing costs, administrative costs)
- 4. Native Japanese speaker (detailed Japanese communication skills required as future customer sales will involve handling Japanese manufacturers)

WANT

- Sales/Accounting/Purchasing experience at an automotive parts supplier (departments handling money), preferably 3+ years
- 2. Experience communicating in English with the company's overseas departments
- 3. TOEIC score of 500 or higher
