募集要項

JOB RESPONSIBILITIES

- To oversee production staffs and oversee daily production activities, ensuring production meets targets and deadlines efficiently.
- To implement 5S standards, improve production line layout, and enhance efficiency through workflow optimization and human-machine collaboration.
- To lead daily production inspections, minor troubleshooting, and preventive maintenance while managing labor costs, scrap rates, and PPE consumption.
- To provide skills training to production staffs to ensure manufacturing quality and minimize defect rates.
- To work closely with teams in China and Malaysia, ensuring smooth communication of production instructions and material supply.
- To promote team leadership & work integration in production department.

JOB REQUIREMENTS

- Bachelor's Degree or Diploma in Engineering, Manufacturing Technology or equivalent.
- Preferably with at least 5 years of experience in **Production Engineering & Management** in Manufacturing sector.
- Ability to lead production team and set up production machineries.

Interested candidates are welcomed to apply online.
