募集要項

Company Overview

Our client a leading engineering company with a significant global presence. They specialize in a broad range of electrical, mechanical, and telecommunications engineering services for various sectors, including building, industrial, and infrastructure projects. As they continue to drive growth and expansion, they are now seeking a BMS Manager, to join their team and contribute to their ongoing success.

Key Responsibilities

- Lead the BMS team in the design, coordination, installation, testing, and commissioning of BMS works.
- Review and validate BMS design drawings, control diagrams, and system architecture.
- Coordinate with the Electrical, ACMV, and other engineering teams to ensure seamless system integration.
- Manage subcontractors, suppliers, and consultants to achieve project milestones.
- Monitor project progress, budget, and quality, ensuring compliance with specifications and regulations.
- Conduct system troubleshooting, testing, and commissioning, ensuring reliability and performance.
- Prepare technical documentation, method statements, and reports for submission.
- Provide technical guidance and mentorship to engineers and site personnel.

Key Requirements

- Bachelor's Degree/Diploma in Electrical Engineering, Building Automation, or related discipline.
- Minimum 8 years of experience in BMS project management, with at least 3 years in a managerial role.
- Strong knowledge of BMS systems design, PLC/DCC controls, networking, and system integration.
- Familiarity with ACMV and M&E services in large-scale building or industrial projects.
- Proven ability to lead project teams, subcontractors, and coordinate across stakeholders.
- Strong problem-solving, communication, and leadership skills.
- Experience in large-scale infrastructure or industrial facility projects is preferred.

Apply online or feel free to contact me directly for more information about this opportunity. Due to the high volume of applicants, we regret to inform that only shortlisted candidates will be notified. Thank you for your understanding.
