募集要項

Position: R&D

Salary: 60,000 – 80,000THB +/- (Negotiable)

Location: Bangkok (Bts Asoke)

Our client is a Health Food bento industry. It operates on a Business to Customer model and specializes in providing low-carbohydrate bentos. The company is a new set up in Thailand , established around July 2025.

Responsibilities:

- Calculate and verify nutritional values for products using a dedicated database.
- Adapt and refine existing recipes to be compatible with and optimized for manufacturing equipment.
- Actively search for and qualify necessary raw materials.
- Manage the creation of required product labeling.

- Oversee FDA registration and execute other tasks related to the successful launch of new products.
- Under the guidance of management, the role is expected to contribute to building an efficient product development framework.
- Launching a new business concept in Thailand, utilizing proprietary know-how developed in Japan.

Qualifications:

- Must have R&D experience with a Frozen food or prepared meal factory.
- Must have knowledge and experience in purchasing and logistics.
- English or Japanese language proficiency is preferred.
