募集要項

COMPANY OVERVIEW

A Japanese manufacturer of high-quality automotive parts. It possesses many unique technologies, especially in the field of engineering plastics, which are used in various applications.

You will be working at the newly opened office for European business in Germany.

JOB RESPONSIBILITIES

- Development of products that meet customer requirements in cooperation with the sales team
- Design and presentation of product samples if necessary
- Respond to technical inquiries from customers in cooperation with the technical department of the headquarters

JOB REQUIREMENTS

- Knowledge or experience with CAD
- Knowledge of plastics preferred
- Full proficiency in German
- Business-level English

BENEFITS

- Opportunities to learn the latest knowledge and technology
- Flexible working environment

Apply online or feel free to contact me directly for more information about this opportunity. Due to the high volume of applicants, we regret to inform that only shortlisted candidates will be notified. Thank you for your understanding.
